Emergency Medicine	2		36	18
Certified Clinical Nurse Specialist	1		28	28
Geriatric Medicine	1		14	14
General Practice	1		12	12
Grand Total	206	999	7293	35.4

Note: If a single provider did not prescribe Opana ER to more than 10 unique patients, the number of patients for that provider was excluded from the database by CMS. Thus, no single Family Practice provider prescribed Opana ER to more than 10 unique patients! The patient counts are gross underestimates for total Medicare patients, but allow some insight into prescribing habits by type of provider.
